

BBA in Aviation Management

The Programme

BBA in Aviation Management offered by IBMR IBS INSPIRE ACADEMY is a 3 years (Six Semesters) Undergraduate Degree program approved by Govt. of Karnataka and Affiliated to Bangalore Central University.

This programme is for students who wish to combine a business management degree with a course that puts strong emphasis on the knowledge and understanding of the aviation industry.

Students will be given a comprehensive basic education in terms of general business management with emphasis on aviation business management. The goal is to prepare students for professional or executive roles in companies and institutions in the aviation and also with its associated sectors.

Student will gain an understanding of the operational, management aspects of aviation combined with Human factors, strategic and operational development in aviation.

Students will also have the opportunity to undertake an internship program (aviation associated sector practicals), this means that as a part of the study, the student will gain real-life experience with the industry which would give a real advantage when the student is ready for job seeking.

Objective

- The purpose of the program is to develop aviation managers with a rich interdisciplinary knowledge
- The purpose of this course is to prepare students for full-time work within an aviation establishment or its associated sectors that requires them to handle the full range of Operational and Management functions.
- To educate students on the principles of Aviation management, management principles, and its applications, making Aviation and its related fields interesting, challenging, and fulfilling
- To develop entry and middle-level managers who can respond swiftly to issues pertaining to aircraft, focusing on safety, quality, proficiency, and a holistic approach.
- Students' overall development will be achieved by developing their attitudes, social skills, decision-making abilities, goal setting, focusing, and working towards their goals.
- Students will be encouraged to undertake project work relevant to their fields of study during the course, which will help them to think beyond the boundaries of the sessions.

Eligibility

Candidates who have completed Two years Pre – University course of Karnataka State or its equivalent are eligible for admission into this course.

USP of our Program

- Centrally located campus in Bangalore with lot of connectivity to the city and advantage of being located in the Aviation and Education hub in India.
- Contemporary course curriculum embedded with lot of practical aspects.
- 15 days Airport Familiarization trip with Certification from the Airport Operator
- Internship opportunity with any aviation associated sector/organisation
- Emphasis on developing the People skills needed for the industry
- Well qualified and experienced Faculty from the industry
- Scholarship programs for the eligible candidates *
- Global collaboration for industry oriented programs
- International trip to any airport or visit to an airline facility

Career Prospects

In the next five years, the number of commercial aircraft is expected to double. New upcoming and well-maintained airport infrastructure has allowed for the re-opening of many underutilized aerodromes to passengers.

India and Abroad countries are expected to have a large demand for Aviation Management graduates in near future.

Careers in aviation are not all about flying. There are a wide range of careers with aviation or aviation-related organisations. These may include management, operations, logistics like cargo and passenger handling, communications, air safety and accident investigation, customer service, sales or marketing roles.

CURRICULUM

1ST YEAR

SEM	SUBJECTS
1st SEM	Language - Indian
	Language - English
	Fundamentals Of Management
	Accounting And Management Decisions
	Quantitative Techniques For Management- I
	Introduction To Airline Industry
	Foundation Course
	CC & EC
	Practicals On Skill Development
	Inspire - Airport Familiarization And Its Functions
	Inspire - Soft Skills
	Industry Visit - Hal Museum

SEM	SUBJECTS
2nd SEM	Language - Indian
	Language - English
	Organizational Behaviour
	Strategic HR Management
	Quantitative Techniques For Management- II
	Aviation Security And Safety Management
	Foundation Course
	CC & EC
	Practicals On Skill Development
	Inspire - Airside Safety Awareness
	Inspire - Soft Skills
	Industry Speaker

2ND YEAR

SEM	SUBJECTS
3rd SEM	Language - Indian
	Corporate Communication Skills - I
	Production And Operations Management
	Marketing And Retail Management
	E-Business Information Systems
	Cost And Management Accounting
	Aviation Law And Aircraft Rules And Regulations
	Foundation Course
	CC & EC
	Practicals On Skill Development
	Inspire - Soft Skills
	Inspire - Safety Management System
	Bial Airport Visit

SEM	SUBJECTS
4th SEM	Language - Indian
	Corporate Communication Skills - II
	Business Research Methods
	Financial Management
	Business Regulations
	Travel And Tourism Management
	Logistics And Air Cargo Management
	Foundation Course
	CC & EC
	Practicals On Skill Development
	Inspire - Baggage And Cargo Handling
	Inspire - Soft Skills
	IATA Online

3RD YEAR

SEM	SUBJECTS
5th SEM	Goods And Services Taxes
	Income Tax I
	Investment Analysis And Management
	Aircraft Maintenance Management
	Cabin Crew Management
	Finance And Insurance In Aviation
	SDC - Mini Project
